MINOR Depts:
23 SEP 1920

Sir,

I have the honor to submit herewith, for favour of orders of Government, copies of the marginally noted applications for prospecting licenses for asbestos over certain blocks of land in the Districts of Tumkur, ~~Kadur~~ Kadur and Chitaldrug.

In consequence of the representations made by Mr. M.L. Vardhamaniah in regard to the protection to be affordea to him against undue competition in connection with the development of the asbestos industry, for which purpose he has been granted a monopoly in respect of all asbestos blocks in the Districts of Mysore and Hassan, it was considered desirable that before dealing with the above applications, definite and up-to-date information should be obtained in regard to the progress made by Mr. Vardhamaniah in connection with the development of the asbestos industry in the State. The work done by Mr. Vardhamaniah was accordingly inspected by Mr. C. E. Suryanarayana Rao, Offg. Inspector of Mines, in September 1919.

In November 1919, Messrs. V.N. Krishna Iyer and T. Chinnasawmy Iyer also applied for a monopoly over the Districts

(1) Application dated 21- 8-1919 from Mr.Lakshminarayana Jois for a prospecting license in the Tiptur Taluk.
(2) " 21-8-1919/28-1-1920 from Messrs.V.N.Krishna Iyer and T.Chinnasawmy Iyer for a P.L. in the Tiptur Taluk.
(3) " 15- 7-1920 from Mr.G.Chennaveerappa for a prospecting license in the Tiptur Taluk.
(4) " 25-11-1919 from the Mysore Hassan Mining C., for a prospecting license in the Hosdurga Taluk.
(5) " 23- 8-1919 from Mr.Lakshminarayana Jois for a prospecting license in the Hosadurga Taluk.
(6) " 10-12-1919 from Mr. M.Muddappa for a prospecting license in the Hosadurga Taluk.
(7) " 23- 8-1919 from Mr. Lakshminarayana Jois for a prospecting license in the Davengere Taluk.
(8) " 25-11-1919 from the Mysore Hassan Mining Company for a prospecting license in the Davengere Taluk.
(9) " 25-11-1919 do in the ~~Hudgere~~ Belur Taluk.

Districts of Bangalore, Tumkur, Shimoga, Kadur and Chitaldrug and latterly, in June 1920, for an exploring license with preferential rights for asbestos over the Districts of Bangalore, Tumkur Kadur and Chitaldrug. An inspection of the work done by both these parties was made by me in August 1920, and this office letter No. 534 dated 18th September 1920, contains my recommendations to Government in respect of the exploring license applied for by Messrs. V.N. Krishna Iyer and T. Chinnasawmy Iyer. I now beg to submit the applications mentioned above for consideration and disposal on their own merits.

The area in respect of which the applications have been received are :-

(a) Birasandra area - Tiptur Taluk.,
(b) Budihal-Gangigere area, Hosdurga Taluk.
(c) Dod Tekalvatti area, Hosdurga Taluk.
(d) Mayikonda area - Davengere Taluk.
(e) ~~Mudgere~~ Belur area - ~~Mudgere~~ Belur Taluk.

a) Birasandra area - Tiptur Taluk.-

There are three applications over this area, viz,-

(1) Application, dated 21-8-1919, from Mr.Lakshminarayana Jois, for a block of 1 square mile for asbestos.

(2) " dated 21-8-1919, from Messrs.V. N.Krishna Iyer & T.Chinnasawmy Iyer, for a block of 1 square mile for asbestos, mica, manganese, ochres and other colours. Sketch received on the 28th January 1920.

(3) " dated 15-7-1920, from Mr.Chennaveerappa, for a block of ¼ sq. mile for soapstone & asbestos.

The applications from (1) Mr. Lakshminarayana Jois and (2) Messrs. V.N. Krishna Iyer and T.Chinnasawmy Iyer were presented at this office on the same day, i.e., 21st August

1919

1919, and while the former's application was complete in all respects, the latter's application was incomplete without the map of the block applied for. The map was sent and the application completed by the latter on 28th January 1920. The third application from Mr. Chennaveerappa is for a license for soapstone and asbestos over an area of ¼ square mile of land and he represents that he wants the license primarily for soapstone for manufacturing slate pencils and that he was working in the area for soapstone during the past five years under annual permits issued by the Deputy Commissioner, Tumkur. The accompanying sketch marked A shows the blocks applied for by these 3 applicants.

Mr. Lakshminarayana Jois's application being the first one received in a complete form, I beg to recommend that a license for asbestos may be granted to him, under the new rules, over the area of 1 square mile and that Messrs. V.N. Krishna Iyer and T. Chinnasawmy Iyer may be offered a license over the free portion of the block applied for by them.

Mr. Chennaveerappa's application has to be rejected in the ordinary course, as it is a rule that as far as possible only one license should be in operation on any one particular area at any time. But his case appears to deserve some consideration in view of the fact that he has been extracting and removing soapstone for the past 5 years under annual permits granted by the Deputy Commissioner. It is not clear how the permits were granted by the Deputy Commissioner for soapstone, though it is not one of the "ordinary minerals" notified under Section 38, proviso (1) of the Mysore Land Revenue Code, and the Deputy Commissioner will be addressed in the matter and his reply submitted to Government in due course.

It would not be fair, however, to oust Mr. Chennaveerappa out of the area from which he has been getting the soapstone

soapstone for slate pencil manufacture, and I beg to recommend that a prospecting license may be granted to him for soapstone over the area of ¼ square mile applied for by him, subject to the condition that he should not in any way obstruct Mr. Lakshminarayana Jois or other holder of a prospecting license for asbestos from carrying on operations in connection with prospecting for asbestos. A similar condition may also be imposed in the case of the license to be granted to Mr. Lakshminarayana Jois in order that he may not also obstruct Mr. Chennaveerappa. This would be the first instance of the grant of more than one license over one and the same area and may be tried tentatively as a special case. The experience to be gained by this procedure might be useful to us in dealing with similar cases in future.

(b) Budihal area, Hosdurga Taluk.

There is only one application, dated 25th November 1919, over a block of 1 square mile of land in this area from the Mysore Hassan Mining Co. The area is free and I, therefore, recommend that a license, under the new rules, may be granted to the applicants.

(c) Dod Tekalvatti area.-

There are two applications over this area, viz,-

(1) from Mr. Lakshminarayana Jois, dated 23rd August 1919, over 2 square miles,
& (2) " Mr. M. Muddappa, dated 10th December 1919, over 2 square miles.

The blocks applied for by these applicants overlap each other. Mr. Lakshminarayana Jois's application being prior to Mr. Muddappa's, I recommend the grant of a license to the former and the rejection of the latter's application.

(d) Mayikonda area, Davengere Taluk.-

There are two applications over this area, viz,-

(1)

(1) from Mr. Lakshminarayana Jois, dated 23rd August 1919.
& (2) " The Mysore Hassan Mining Co., dated 25th November 1919

Portions of the blocks applied for by them overlap each other. Mr. Lakshminarayana Jois's application being prior to that of the Mysore Hassan Mining Co., the former may be granted a license under the new rules, over the area as applied for by him, and the latter may be offered the remaining portion of the block applied for by them.

e) ~~Mudgere~~ Belur area - ~~Mudgere~~ Belur Taluk.-

There is only one application over this area from the Mysore Hassan Mining Co., but it cannot be entertained as the block is in the Hassan District, over which Mr. M.L Vardhamaniah has been granted the monopoly.

I would also suggest that, in the case of the licenses to be granted in respect of the above blocks, a condition may be imposed that the asbestos obtained from the blocks should, as far as possible, be used only for purposes of local manufacture and not exported in a raw state to places outside Mysore, unless the Government and other holders of licenses or leases for asbestos in the State are given the first option of purchase of the same, at the current market price, and have refused to avail themselves of such option.

I have the honor to be,

Sir,

Your most obedient servant,

B. Jaya Rao

To

The Director, Dept of Geology

Sir,

With reference to your letter no 567 dated 18/23-9-20 forwarding certain applications for the grant of prospecting licenses, I am directed to state ~~that Govt are pleased to direct~~ as follows:—

As regards the applications received in respect of Basavanadra area in the Tiptur Taluk, viz prospecting license for asbestos over a block of 1 sq mile may be granted to Mr. Lakshmanarao -na gowda under the new rules on condition

over.

P.T.O.

that he should not in any way obstruct Mr. Chennaveeraffa from prospecting for soapstone over that area granted to him for that purpose;

(ii) A prospecting license maybe offered to Messrs V.N. Krishna Iyer & T. Chinnasamy Iyer over the free portion of the block applied for by them; and

(iii) the license applied for by Mr. Chennaveeraffa for soapstone over a block of $\frac{1}{4}$ sq mile maybe granted to him on condition that he should not in any way obstruct Mr. Lakshminarayana Gois or other holder of a prospecting license for asbestos from carrying on prospecting operations in respect of asbestos.

Further communication received by you regarding the permits issued by the Deputy Commissioner of Tumkur for removing soapstone is awaited.

With regard to the application received from the Mysore Iron & Steel Mining Co in the Bababudan area in the Hosadurga Taluk, a license under

List of enclosures.
